

GEESARA ARDITHYA

DATA SCIENCE UNDERGRADUATE

+94 71 601 9649 | ardithya.geesara@gmail.com | LinkedIn: geesara-adhithya

PROFESSIONAL SUMMARY

Data Science undergraduate at SLIIT with hands-on experience in data analytics, business intelligence, statistical modelling, data warehousing, ETL and dashboard development. Proficient in SQL, Python, R, Power BI and Excel for data cleaning, analysis, visualization and reporting. Experienced in building analytics pipelines, BI dashboards, data warehouses and statistical models to turn complex data into actionable insights.

EDUCATION

BSc (Hons) Information Technology – Specialization in Data Science

Sri Lanka Institute of Information Technology (SLIIT) | 2023–2027

PROJECTS

Azure Data Analytics & Engineering Pipeline | Azure • PySpark • SQL • Power BI

- Built an end-to-end Azure pipeline for automated ingestion, PySpark transformation, analytics-ready SQL models in Synapse Analytics, and interactive Power BI reporting.

Retail BI Analytics Dashboard | Power BI • SSAS • Excel OLAP

- Developed dashboard and cube-based BI reports using OLAP analysis, DAX measures, KPI tracking and executive sales visualizations.

Retail Data Warehouse & ETL | SSIS • SQL Server • Dimensional Modeling

- Designed a retail warehouse using star-schema architecture and developed SSIS ETL pipelines integrating multiple data sources.

Bike Buyers Dashboard | Microsoft Excel

- Performed data cleaning, exploratory analysis and dashboard development to identify customer purchasing trends.

Statistical Modeling Project | R • Statistics

- Applied EDA, hypothesis testing, correlation analysis and regression modelling to generate analytical insights.

TECHNICAL SKILLS

Analytics: Data Analysis • Data Cleaning • EDA • Data Visualization • Dashboard Development • KPI Reporting • BI

Statistics: Descriptive Statistics • Hypothesis Testing • Correlation • Regression • Model Evaluation

Programming: Python • SQL • R • PySpark

BI & Tools: Power BI • Excel • SSIS • SSAS • Git • GitHub

Data Engineering: ETL • Data Warehousing • Star Schema • Dimensional Modeling • OLAP • ADF • Databricks • Synapse • Parquet

Databases & Cloud: SQL Server • MySQL • Microsoft Azure • Azure Service Principals

CERTIFICATIONS

- Business Analytics Foundations: Descriptive, Exploratory & Explanatory Analytics – IIBA (2026)
- Hands-On Data Analysis with ChatGPT-5 – LinkedIn Learning (2026)
- MongoDB Data Modeling Path – MongoDB (2026)
- Python for Beginners – University of Moratuwa (2025)
- Git Training – Simplilearn SkillUp (2025)
